WORK EXPERIENCE

Satya Koseli - Graphic Designer & Researcher (Part-time) (2024 - Present)

- Conduct research for cultural projects and translate findings into visual concepts.
- Design social media content and visual materials for cultural initiatives.
- Create consistent visual content based on project goals and audience needs.

Spark by Supriya - UI/UX Designer (Freelance) (Apr - May 2026)

- Designed a unified e-commerce experience for two lifestyle brands, improving product discovery and navigation.
- Conducted stakeholder research, competitor analysis, user flows, and wireframing to define the user experience.
- Created responsive UI and a reusable Figma design system, collaborating with a WordPress developer during implementation.

Twofold Vision - UI Designer (Freelance) (June - July 2025)

- Designed key e-commerce screens, from sign-up and search to product pages, cart, and checkout.
- Designed prescription-based lens selection flows for lens power and type customization.
- Created high-fidelity UI and reusable Figma components for a consistent shopping experience.

Redis Digital - Frontend Developer Intern | UI/UX & Graphic Design (Jan - Apr 2025)

- Redesigned Manna Bakery's mobile ordering flow with wireframes and high-fidelity UI.
- Applied mobile-first UI/UX principles and collaborated with developers to improve usability.
- Designed 120+ digital invitation posters for various occasions and ceremonies.

PROJECTS

Yatrasanghi - UX/UI Designer & Design Lead (Dec - Feb 2026)

Final Year Project

- Led the UX/UI redesign using UX audits, competitor research, and user journey mapping.
- Created user flows, wireframes, and high-fidelity designs for 15+ desktop interfaces.
- Built reusable UI components and collaborated with developers, reaching 95% project completion.
